FORMER VIRGINIAN BOOSTS REFORM TICKET

W. A. Glasgow Making Speeches Against Philadelphia Gang.

Interesting Capital Chat.

(From Our Regular Correspondent.)

WASHINGTON, D. C., October 31.—William A. Glasgow, for many years counsel for the Norfolk and Western Railway, with offices at Roanoke, but for a year or more a member of one of the best known legal firms of Philadelphia, is here to-day, and talking Philadelphia politics in a most entertaining manner. He has been making speeches for the Reform ticket in Philadelphia, and says he enjoyed it as much as stumping in Virginia.

"The Philadelphia people themselves have not fully realized the extent of the corruption which exists in the municipal government of the city," he said. "Everyday reveals greater depths of iniquity to which the men in control of municipal affairs descended. Only yesterday a War Department expert showed that the most monumental frauds existed in connection with construction of the filtration plant and the Torresdale Boulevard. This expert found, after patient investigation, while the price for the work was to be eighteen millions, he had actually got for six million dollars for himself, after allowing the contractor to get two millions. In other words, the actual cost of the work was only ten millions. The contractor and the gang got the eight millions."

"The contractor and Israel Durham, the head of the Republican machine, were in cahoot. If the bids of any other contractor were lower than those put in by the firm in which Durham was interested, the bids were called for. The right firm almost invariably got the contract on the second round. The Reform ticket will win in Philadelphia."

Washington Democrats were much interested in the news from New York to-day to effect that the odds on McClellan had dropped to two to one. The further news that some money had been placed at nearly as good a price as Hearst could get, was also interesting.

Mr. Hearst should receive that vote, two years ago, will be materially reduced, and there will be a good chance for the election of Ivins, the Republican majority candidate. But many do not believe Mr. Hearst's vote will amount to much more than the half of two, if that.

Virginians at Capital.

Judge Edmund Waddell, of the United States Court for the Eastern District of Virginia, and Clerk Joseph P. Brady were at the Raleigh to-day, whether they had come from Alexandria, where Judge Waddell has been holding court this week. The special term, which was called for the purpose of hearing the case of Representative Rixey, against S. A. Rixey, Stevens, who was sued for criminal libel, was adjourned.

Treat talked election of Judge Lewis, but he was bold to declare that the charge made against the Republican candidate of having opposed the law preventing the intermarriage of whites and blacks had redounded to the good of the Republican cause. Robert W. Blair, who spoke in Fredericksburg last night, and went to Raleigh to-day, in the same opinion. But Democrats do not take this view by a great deal.

The Comptroller of the Treasury decided to-day that J. C. Petrie, who sought payment for the use of his horse by his brother, Newton C. Petrie, while a member of the Third Virginia Cavalry, U. S. A., in the war between the States, could not recover. The auditor of the War Department had decided similarly, but Petrie appealed to the comptroller. He claimed to recover, as the brother and heir of Newton C. Petrie, who was of the rank of second lieutenant.

Lieutenant Kent Spiller, United States army, is at the Ebbitt House. Lieutenant Spiller has been undergoing medical treatment in this city for some weeks, but he is now recovered and will return to his regiment at San Antonio, in a few days. He is a Virginian, and served in the Spanish war as second lieutenant of Company D, second Virginia Volunteers. He was appointed to the regular army by President McKinley, and has risen to the rank of first lieutenant, with an examination for the rank of captain in the not very remote future. He is a fine officer, and saw much hard service in the Philippines.

FINLAND FOLLOWS RUSSIA'S PLANS

Constitutional Regime Returns and Arbitrary Conditions Abolished.

"THE COSSACKS ARE COMING!"

Panic Follows False Cry and Thirty-one Persons are Killed or Injured.

(By Associated Press.)

HELSINGFORS, FINLAND, October 31.—The proclamation of civil liberty in Russia was followed to-day by the announcement of a return of a constitutional regime in Finland and the abolition of the arbitrary conditions under which Finland has been governed since the assassination of governor-general of Count Hrbikoff.

After a meeting of constitutionalists to-day, at which an address was drawn up for presentation to the government, demanding the administration of Finland in accordance with the terms of the Constitution of the Grand Duchy, Prince John Obolensky, the governor-general, announced to a deputation sent by the meeting that he had been instructed from St. Petersburg that the Diet be immediately called in extraordinary session to legislate for Finland. Thereupon the senators, who had continued to perform their functions under Obolensky, resigned. Considerable excitement prevailed during the meeting of the constitutionalists, and while the deputation was waiting for an answer, but after the resignation of the senators had been proclaimed to the crowd from the balcony of the Senate, order was restored. When it was announced to the crowd outside Prince Obolensky's residence that the senators had resigned, a false cry of "The Cossacks are coming!" caused a panic, in which thirty-one persons were killed or injured.

The above statement was given by Director Harry Moore, of the Public Safety Department, this afternoon. That a man located at Boston is implicated in the death of Miss Geary is a new development brought out by admissions made by Nathan to-day.

FEVER FIGHTING FORCE CUT DOWN BY WYMAN

(By Associated Press.)

NEW ORLEANS, October 31.—Yellow fever report, to 8 P. M.: New cases, 3; total to date, 3,263; deaths, 2; total, 446; new focus, 1; cases under treatment, 24; cases discharged, 2,525.

The break up of the Federal forces which have been engaged in the fight against yellow fever began to-day with the receipt of orders from Surgeon-General Wyman, notifying Dr. While that eleven members of the force should be sent back to their respective stations. To-day the officers completed their reports and left.

Further discharges of men were made to-day, cutting down the force of employees to one hundred, which is considered ample to do the remainder of the work necessary here.

MAKE COUNTER CHARGES AGAINST SEA CAPTAIN

(By Associated Press.)

PENSACOLA, FLA., October 31.—The summary of the yellow fever situation to-night is as follows: New cases, 9; total cases, 547; deaths, 1; total deaths, 16; discharged, 44; under treatment, 66. The report of the day showed an increase in cases, but the officials do not feel at all discouraged, inasmuch as the number of cases under treatment has been reduced to 66.

My Dear Sir—I wish to call your attention to the twenty-first report of the Civil Service Commission in regard to political activity. The Attorney-General of the United States, in a letter dated November 2, 1901, says:

"The spirit of the Civil Service law and rules renders it highly undesirable for Federal officers and employees to take an active part in political conventions or in any direction of other parts of political machinery. Nor shall they make themselves unduly prominent in local political matters."

Very truly,
C. B. SLEMP,
State Chairman.

In view of this letter it is interesting to note that the Republican office holders all over the State are said to be receiving requests for five per cent. of their year's salaries for campaign purposes.

Broke Her Arm.

The ambulance was called yesterday morning to the rear of the old Ballard House, where, near the corner of the street, a woman had fallen down a flight of steps. She suffered a fracture of the arm and was treated and left.

PERMANENT BEATS.

Police Officers Will Not Be Changed Around Hereafter.

Permanent beats were established last night, and hereafter the officer who treats one territory will not be changed around. Each patrolman will have two beats, one for night duty and the other for day duty. They will not be changed around, as has been the case in the past. Hereafter an officer worked a beat for a month, when he was changed to another. There are fifteen beats in the First District, and it required more than a year for an officer to make the circuit.

(Special to The Times-Dispatch.)

DUBLIN, VA., October 31.—W. H. Bouldin, residing at Melbourne, a railroad flag stop three and a half miles east of this place, lost his barn and contents by fire last evening about 8 o'clock. A passing threshing engine, which went by the barn, which stood directly on the road, a short time before the fire, furnishes the only known clue to the cause.

In addition to feed, small tools, harness, etc., two binders and a new corn drill were destroyed. Fortunately Mr.

John Redyard, Harry Redyard, James Scott.

The bodies were recovered this morning. The cause of the explosion is not known, but it is supposed to have been gas.

NATHAN A WRECK, BEING WATCHED

(Continued from First Page.)

this afternoon that he is responsible for Miss Geary's condition, and that he endeavored to get her out of the trouble. From the admissions made by Nathan there will undoubtedly be something doing soon. While the demands of court, however, may prevent giving out information which rightfully belongs to the Boston authorities, I will say that a man and woman will be arrested shortly, and this suit case mystery will be cleared without a doubt.

The above statement was given by Director Harry Moore, of the Public Safety Department, this afternoon. That a man located at Boston is implicated in the death of Miss Geary is a new development brought out by admissions made by Nathan to-day.

DOCTOR IS LOCATED.

(By Associated Press.) BOSTON, October 31.—Just before leaving his office at police headquarters to-night, Chief Inspector W. B. Watts stated that the doctor who dismembered the body of Susanna A. Geary, the suit case victim, had been located. He did not expect, however, that any arrest would be made for a day or two, intimating that the police were awaiting something more definite from Morris Nathan, the lover of the girl.

The theory of the police regarding the whole affair, in which the most serious charge can only be manslaughter, is that Miss Geary went to a woman and submitted to an illegal operation.

The operation was not a success, but before the girl could be placed in a hospital, she died. The doctor then dismembered the body and distributed portions of it in two suit cases, which were subsequently found.

The charge against the woman can only be one of manslaughter, while, according to Superintendent Pierce, of the local force, it will be difficult to bring any charge against Nathan, unless he should be accused of concealing a crime.

Mrs. Geary, the mother of the unfortunate girl, accompanied by her daughter, Evelyn, had a long conference with the Cambridge police officials this forenoon, during which she denied that she knew of her daughter's trouble, and expressed her belief in Nathan's innocence.

ALL READY TO GREET LOUIS OF BATTENBURG

(By Associated Press.)

ANNAPOLIS, Md., October 31.—The beginning of the gala week of the visit of Prince Louis of Battenburg and his fleet to these waters was marked this morning by official visiting between Admiral Robley D. Evans, commanding officer of the North Atlantic fleet, the battleship division of which arrived here last night, and Admiral Sands, superintendent of the Naval Academy and between Admiral Evans and Governor Warfield, of Maryland.

The fleet of battleships is now lying in the bay of Annapolis, with the Maine, the flagship, farthest to the north, and the others strung out at intervals of about a quarter of a mile. There are also several small auxiliary vessels. The cruiser division, under Admiral Brownson, and the British fleet are expected tomorrow morning. The assemblage of vessels will be by far the finest ever seen in these waters.

The ten-round bout between Andy Bezeal, of Chelmsford, and Maurice Sayers, of Milwaukee, scheduled for this afternoon at River View A. C. of Chelmsford, on November 3d, has been postponed a week.

Another fight out of it is that between Kid Murphy and Danny Dougherty, which was to have been held at Chelmsford last night. Murphy hurt his right hand in training.

Attempted Suicide.

Saying that she was tired of living, Emma Edwards, a young white woman, inmate of No. 22 North Fifth Street, attempted suicide last night by taking quicksilver. The ambulance was called, and she was treated and her life saved.

Miss Young and Mrs. Lowry, two members of the Holiness Band, who conduct meetings at the Rescue Home on East Franklin Street, learned of the attempted suicide within a few minutes and went to see the woman. When the ambulance, the police and the reporters arrived, the two good women were praying for the unfortunate.
